Search for apps and games

You can search the entire BlackBerry World storefront, or you can choose to search for a specific type of item. For example, you can choose to search for only games or apps.

- To search the entire BlackBerry World storefront, on the BlackBerry World home screen, tap .
- To search in a specific section, tap . Tap **Apps** or **Games**. Tap .
- To search using a recent search term, tap . Tap a recent search term.

Browse categories

The BlackBerry World storefront is divided into two sections: games and apps. Within each section is a list of categories. For example, in the games section, you can find categories such as arcade games, card games, and sports games.

1. On the BlackBerry World home screen, tap .
2. Tap **Games** or **Apps**.
3. Tap a category.
4. If necessary, tap a subcategory.

Tip: After you browse to a subcategory of apps or games, you can filter the list of apps or games to show only free items, items for sale, or items with a specific star rating. To filter a list of apps or

games in a subcategory, tap **All Apps** or **New Arrivals**. Tap .

Scan a QR code

If you see a QR code, you can scan it to find a specific item in the BlackBerry World storefront. QR codes commonly appear on websites, posters, or other promotional materials.

1. In the BlackBerry World storefront, swipe down from the top of the screen.

2. Tap .

Delete a recent search term

1. On the BlackBerry World storefront home screen, tap .

2. Next to a search term, tap .

Turn on private browsing

You can turn on private browsing if you don't want your recent search terms to appear on your Search screen or you don't want your recently viewed items displayed on the My World screen.

1. In the BlackBerry World storefront, swipe down from the top of the screen.

2. Tap  > **General**.

3. Turn on the **Private Browsing** switch.

Note: After you turn on private browsing, your saved searches and recently viewed items aren't displayed. However, when private browsing is turned off, your saved searches and recently viewed items are restored.

Download and buy apps and games

Apps and games that you buy can be deleted and downloaded again as many times as you want to on the same BlackBerry device, and on up to four additional devices without your having to pay for the items again.

1. In the BlackBerry World storefront, tap an item.
2. In the upper-right corner of the screen, tap the button with the price displayed on it.
3. If necessary, enter your BlackBerry ID password.
4. To change your payment method before you pay for an item, tap the **Payment Options** icon. Tap a payment method.
5. Tap **Purchase**.

Tip: To share an app or game, tap .

Buy a subscription to an app or a game

You might be required to pay a recurring subscription fee for some apps and games, or for certain features and additional items within an app or game that you have already downloaded. Your subscription automatically renews until you cancel it. The BlackBerry World storefront is designed to send you a reminder email before and after each subscription is renewed.

On the **Details** screen for an app, a game, or an item, tap the button with the price displayed on it.

Cancel a subscription

1. On the BlackBerry World storefront home screen, tap  > **My World** > **My Apps & Games**.
2. Tap **Subscriptions**.

3. Tap an app, a game, or an item.
4. Tap **Unsubscribe**.

Redeem a promo code

1. In BlackBerry World, swipe down from the top of the screen.
2. Tap .
3. Enter the promo code.
4. Complete the instructions on the screen.

About BlackBerry Guardian

Feel safe and secure when you download apps and games from BlackBerry World with BlackBerry Guardian.

BlackBerry Guardian evaluates all apps and games in BlackBerry World before they're made available for downloading. BlackBerry Guardian is designed to protect you from downloading apps and games that might include malicious software or privacy concerns. The BlackBerry Guardian icon in the BlackBerry World storefront indicates that the app or game has been evaluated for malicious software or privacy concerns.

BlackBerry Guardian also incorporates technology from software security leader Trend Micro. BlackBerry Guardian is constantly evolving to help identify the most advanced forms of malicious software and privacy concerns.

If malicious software is discovered in an app or game after it's available, the app or game is removed from BlackBerry World.
